

Town of Hardwick Electric Department

NOTICE OF PROPOSED TARIFF CHANGES

On March 16, 2009, the Town of Hardwick Electric Department filed a request with the Vermont Public Service Board (Board) for an increase to retail rates of 7.81%. The over-all increase in costs for the Electric Department is due largely to the increased costs of supplying and distributing energy to the consumer. The proposed retail rate increase is to be effective on a service rendered basis beginning April 1, 2009.

To determine the impact on your individual bill, use the present and proposed rates column and your average monthly consumption. For example, a residential customer using an average of 600 kWh a month would calculate his or her bill as follows:

		<u>Present Rates</u>	April 1, 2009	
			<u>Rates</u>	
Customer Charge		10.97		11.83
NYPA	100 x .05830	5.83	100 x .06285	6.28
Year Round kWh	500 x .16589	82.95	500 x .17885	89.42
		99.75		107.53

The Public Service Board has no authority to suspend this rate request. If the Board decides not to open a formal investigation, the rates will take effect April 1, 2009 on a permanent basis. However, if it appears to the Board that the rates may be unreasonable, the Board may order a formal investigation and hearing on the proposed rate changes. Until completion of the formal review by the Board, the increase will be listed as a surcharge on your bill. Any person wishing to comment on the proposed rate change should file his or her views in writing with the Vermont Public Service Board, 112 State Street, Montpelier, Vermont 05620-2701, or via e-mail to psb.clerk@state.vt.us by March 16, 2009.

Any interested person may examine the tariff change filing at the office of the Hardwick Electric Department offices, or at the Public Service Board, during normal business hours.

		<u>Present Rates</u>	April 1, 2009	
			<u>Rates</u>	
RESIDENTIAL RATE 01
